PROFESSIONAL SUMMARY

Commercial and go-to-market practitioner with **10+ years** diagnosing and solving B2B growth problems across energy and automotive sectors in **India** and **Germany**. At **Indian Oil Corporation Limited**, drove commercial growth across **80+ industrial accounts**, delivering **18% revenue growth** and **112% target attainment** through structured account prioritization and pricing. Built analytical and strategic depth through a Germany-based **MBA** (CGPA **9.0/10**) and a decision-framework thesis on customer prioritization, plus commercial roles at **BMW Group** headquarters and **Aptiv** in Germany. Brings frontline commercial excellence, sales transformation and pricing expertise into an advisory context. Fluent in **English** (C1); professional **German** (B2).

PROFESSIONAL EXPERIENCE

Commercial & Account Management (OEM & Tier-1) 07/2025 – 01/2026
Aptiv Services Deutschland GmbH, Unterschleissheim, Germany

- Directed pricing and commercial quotation strategy for **OEM BMW and Tier-1 accounts** across **12 active vehicle programs**
- Structured volume planning and fulfillment across **USD 5M customer programs**, sustaining **98% on-time delivery**
- Negotiated pricing and margin deviations, protecting commercial value
- Strengthened OEM stakeholder alignment through cross-functional coordination

Sales Steering & Commercial Analytics (Intern) 04/2024 – 10/2024
BMW Group, Munich, Germany

- Analyzed competitor positioning across **25+ model series** for GTM planning
- Supported **2025** sales and budget planning for **USD 120B+ sales volume**
- Built executive reporting automation, reducing cycle time by **80%**
- Assessed inventory and supply across markets for demand planning
- Identified growth opportunities and volume risks across key global markets

Commercial Management & Key Accounts (B2B) 08/2015 – 09/2022
Indian Oil Corporation Ltd, Bangalore, India

- Managed a **USD 12M B2B commercial portfolio** across **~80 industrial accounts** spanning automotive, manufacturing and heavy industry
- Grew revenue by **18%** through structured account prioritization and cross-sell strategy across key segments
- Negotiated pricing, quotations and high-value commercial contracts, exceeding annual revenue targets at **112% attainment**
- Expanded the industrial and government customer base by **35%** through targeted go-to-market development
- Structured long-term contracts, pricing clauses and supply agreements with private and government clients
- Led technical product trials with customers and engineering teams, strengthening adoption and account retention
- Delivered commercial KPIs and strengthened distributor-network performance
- Identified white-space opportunities via market and competitor analysis

Management Trainee 06/2015 – 08/2015
Hindustan Petroleum Corporation Ltd, Pune, India

- Built commercial and sales foundations through management training

Piping Stress Engineer 08/2012 – 12/2013
Technip KT India Ltd, Noida, India

- Analyzed piping-stress systems for refinery and petrochemical projects
